INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, (publishers of the Albemarle Directory since 1951), present to subscribers and the general public, this the 1963 edition of the Albemarle City Directory, which also includes Badin, Eastwood Park, Weselyan Heights and Rural Route Residents.

Confidence in the growth of Albemarle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Albemarle to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Albemarle Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Albemarle. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Albemarle, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major de-

800/66 gift, Remembrance Co C

partment, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Albemarle, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albemarle and vicinity.

The Albemarle Out-of-Town City Directory Library

Through the courtesy of the publishers of the Albemarle City Directory, a Directory Library is maintained in the offices of the Albemarle & Stanly County Chamber of Commerce, Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Location

Albemarle is located in the heart of Piedmont North Carolina, among the gradual rolling hills of the Uwharrie Mountain

range. It truly can be described as an area of "accessible isolation," being near large market areas and yet not hampered by large industrial and trade areas threatening to smother it. The county seat of Stanly County, Albemarle is near the geographical center of the state.

Climate

This area enjoys a mild, healthful climate throughout the year, being neither excessively hot in summer nor cold in winter. The annual mean temperature is 60 degrees. Average annual rainfall is 48 inches, and snowfall is 6.4 inches. The length of the growing season is approximately 200 days. This area is not subject to violent storms or other unusual weather conditions.

History

The city was named for the duke of Albemarle and was incorporated in 1847. The entire area is richly flavored with romantic history of the early settlers (primarily English and French) and of Indian tribes which once roamed the ageless mountain ranges. At one time river traffic came within ten miles of Albemarle, up the Pee Dee River, but of course this long since has given way to the harnessing of river power for electricity. Albemarle played a major role in both the American Revolution and the War Between the States. Skirmishes were reported in both wars, and a great deal of legend has been handed down generation-by-generation. There was a gold rush in the county during the 1860's, and at one time there were four mines in operation here.

Government

Albemarle is governed by a mayor and five aldermen, elected biennially by the people. Five commissioners, also elected biennially, govern the county. Politically, the community has been traditionally governed by a two-party system, in keeping with its early heritage.

Stanly County Hospital

Municipal Facilities

The 140 bed Stanly County Hospital was completed in 1950, with all modern clinical and laboratory facilities to serve the city. The hospital is well staffed and has many specialists more commonly found in larger cities. The County Medical Center was placed in service in the spring of 1953, and will accommodate numerous patients through the county clinic.

The beautiful Wiscassett Memorial Y.M.C.A. was completed in 1950, and contains recreational facilities surpassed by few communities in the state. The spacious building accommodates several recreation and banquet rooms, library, lounges, a large gymnasium, bowling alleys and billiards. It is open to membership of the entire community. The "Y" also has a large, indoor swimming pool.

Albemarle has two individual water plants, the largest and most modern of which is currently serving the community. It was completed and placed in service in 1951, and delivers a maximum of 8,000,000 gallons of water daily. It can easily be expanded to produce 12,000,000 gallons a day. The water is pumped from the Yadkin River, some seven miles away.

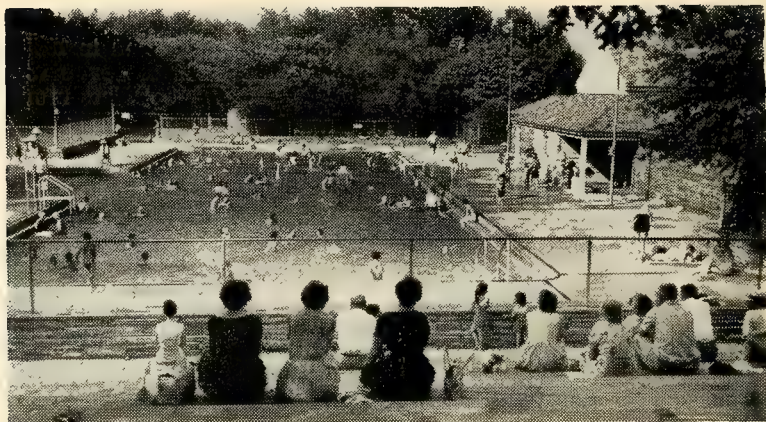

The old water plant, having a capacity of 2,000,000 gallons daily, is being kept as an emergency measure, and is operated daily by the city to keep it in top condition.

The municipal sewage-disposal system is modern, and is also being expanded to 8,000,000 MGD capacity to meet the growing needs of the community.

Albemarle owns its power distribution systems buying its power from Duke Power Co. and reselling at Duke retail rates.

Swimming Pool, Morrow Mountain State Park, Albemarle

Both Albemarle and Stanly County are in excellent financial condition, having floated bonds for municipal and county projects a few years ago. They are paying off these debts at a rapid rate.

The fire and police departments are modern, well-staffed and have the latest equipment available. There are 26 policemen and 23 firemen protecting the city. The city carries a fire insurance rating of 5.

Education

The city is equipped with five grade and two high schools, staffed by approximately 86 teachers. Pfeiffer College, a four year institution, is located at Meisenheimer, eleven miles north of Albemarle. This beautiful campus is staffed with excellent instructors, and offers a wide variety of studies and degrees.

Churches

Practically all denominations and faiths commonly found in America are among the approximately 30 churches of Albemarle.

Recreation

This is truly an ideal location for recreation. In addition to the Y.M.C.A., already mentioned, 5½ miles east of town is the 4,000-acre Morrow Mountain State Park. This is known widely as the best park in the state system, and offers such facilities as a beautiful lodge, a spacious swimming pool, six cabins for summer vacationists, a large trailer camp, two picnic areas, camping grounds, scenic roads and trails, boating and fishing. Also a nature and historical museum is operated for study by the public.

The Stanly County Country Club offers a beautiful 18-hole golf course which is considered one of the best in the state.

There are two parks within the City. One is municipally-owned and has a large swimming pool, and the other is a large playground for children. Other facilities are tennis, horseback riding, softball, hunting and picnicking.

Scene From Atop Morrow Mountain State Park, Albemarle

Industries

The chief industry of Albemarle and Stanly County is textile manufacturing. Second in importance is the aluminum processing plant at Badin, seven miles from Albemarle. The hosiery knitting industry ranks third. Other industries and products are furniture and wood products plants, brick manufacturing, light-weight aggregate products, stone, flour mills and food industries. There are over 8,000 persons in Stanly County on industrial payrolls of approximately \$26,000,000 annually. Many of these workers are farm-owners, and work both in the mills and by tilling their soil.

Transportation

Two railway lines serve Albemarle—The Winston-Salem Southbound and the Carolina and Northwestern Railroad. The former of these is controlled by the Atlantic Coast Line and the latter is leased by the Southern Railroad.

Four bus companies operate both local and interurban bus services throughout this area. There are three State highways and one U. S. highway intersecting at Albemarle. They are: N. C. 27, 73 and 740 and U. S. 52.

Seven motor-freight carrier lines serve Albemarle on a schedule basis. Few places along the Eastern Seaboard are more than 24-48 hours from Albemarle by freight.

A locally-owned private airport, offering charter service, serves this area. There are no commercial airlines.

Agriculture

Stanly County is one of the foremost agricultural centers of North Carolina and can boast many "firsts." It is the only ex-

porter of small grain within the state. It is the leading county in lespedeza seed growing. For many years this county has supplied other areas with quality seed. Stanly County ranks high in the production of beef and dairy cattle, poultry products, sheep and swine, and is a big producer of milo, corn and cotton. It has hundreds of acres of permanent pastures and hay crops. Tenant-farming is disappearing in this area due to the high fertility of the soil and the ability of the farmers to capitalize on it.

Banking and Finance

Albemarle is served by two banks: The First National Bank and a branch of the Cabarrus Bank & Trust Co. of North Carolina. The former, locally-owned, has assets totaling \$7,000,000, while the latter has assets totaling \$34,000,000.

There are two building and loan associations with assets totaling \$30,000,000. The Albemarle Savings & Loan Association and the Home Builders Association.

Retail and Wholesale Trade

Albemarle has numerous modern stores and shops and is the trade center of a 40-mile area. Retail sales for the city alone exceed \$30,000,000 annually. Wholesale sales are approximately \$7,500,000. There are approximately 400 business houses within the city.

Organizations

Civic organizations include the Chamber of Commerce, Jaycees, Jaycee-ettes, Lions Club, Civitan Club, Rotary Club, Optimists Club, Woman's Club, and various fraternal organizations. There are several service organizations, among which are the American Legion, Veterans of Foreign Wars, Disabled American Veterans. Other organizations include Boy and Girl Scouts, garden clubs, Ministerial Association and Parent-Teachers' Association.

—thus assuring you the same service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individual engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CASHIERS! TELLERS! CLERKS!
 Do your employers furnish you with the latest edition
 of the City Directory?
 You need it at your elbow at all times, to protect your company from
 forgers and bad-check artists. A few questions, checked against City Direc-
 tory information, will trip them at once. Intelligent use of the City Direc-
 tory for this purpose has saved thousands of dollars and helped make some
 cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS!

TELLERS!

CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition
of the City Directory?

You need it at your elbow at all times, to protect your company from
forgery and bad-check artists. A few questions, checked against City Direc-
tory information, will trip them at once. Intelligent use of the City Direc-
tory for this purpose has saved thousands of dollars and helped make some
cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition
of the City Directory?

You need it at your elbow at all times, to protect your company from
forgers and bad-check artists. A few questions, checked against City Direc-
tory information, will trip them at once. Intelligent use of the City Direc-
tory for this purpose has saved thousands of dollars and helped make some
cities "too sharp" for bad-check "operators."

CASHIERS TELLERS CLERKS

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some offices "too sharp" for bad-check "operators."

CASHIERS!

TELLERS!

CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check operators.

Do your employers furnish you with the latest edition

of the City Directory?
 You need it at your elbow at all times, to protect your company from
 forgers and bad-check artists. A few questions, checked against City Direc-
 tory information, will trip them at once. Intelligent use of the City Direc-
 tory for this purpose has saved thousands of dollars and helped make some
 cities "too sharp" for bad-check "operators."

CLERKS

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS!

CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from foreign and back-check artists. A few questions checked against City Directory for this purpose has saved thousands of dollars and helped make some offices "too sharp" for back-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
 You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

HILL'S ALBEMARLE

**Directory of Householders, Occupants of Office
Buildings and Other Business Places, Including
a Complete Street and Avenue Guide**

Including Badin, Eastwood Park and Weselyan Heights

1963

Copyright, 1963, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgotten and bad-check artists. A few questions, checked against City Directory for this purpose has saved thousands of dollars and helped make some offices "too sharp for bad-check operators."

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Out Of Sight!

Out Of Mind!!

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.**
- you can quickly find the answer
in the City Directory.**
